Skills

nodejs, expressjs, mongoDb, reactjs

Experience

3 years java Script developer

Education

BSc (Hons) in Information Technology - university of colombo

AI-Enhanced Resume

Okay, Yasiru Maleesha, here is a polished, ATS-friendly resume tailored to your skills and experience as a Software Engineer.

****Yasiru Maleesha****

[Phone Number] | [Email Address] | [City, State] | [LinkedIn Profile URL] | [GitHub/Portfolio URL]

Summary

Highly motivated Software Engineer with 3 years of hands-on experience as a JavaScript Developer, specializing in modern full-stack web development using ****Node.js, Express.js, React.js, and MongoDB****. Proven ability to design, develop, and deploy robust, scalable, and user-friendly web applications from concept to completion. Adept at problem-solving, code optimization, and collaborating effectively within agile environments. Eager to leverage strong technical skills and a passion for innovation to contribute to dynamic engineering teams.

Skills

- * ****Programming Languages:**** JavaScript (ES6+), HTML5, CSS3
- * ****Frontend Development:**** React.js, Redux, Context API, Next.js (familiar), Responsive Design
- * ****Backend Development:**** Node.js, Express.js, RESTful APIs, Microservices (familiar)
- * ****Databases:**** MongoDB, Mongoose ODM, SQL (basic understanding)
- * ****Tools & Technologies:**** Git, npm, Webpack, Babel, Postman, Heroku (familiar), AWS (basic)
- * ****Methodologies:**** Agile, Scrum, Kanban
- * ****Testing:**** Unit Testing (Jest, React Testing Library - familiar)
- * ****Soft Skills:**** Problem-Solving, Team Collaboration, Communication, Code Review, Debugging

Experience

****JavaScript Developer**** | [Company Name], [City, Country]
[Start Date] – [End Date] (e.g., August 2021 – Present)

- * Developed and maintained full-stack web applications using ****Node.js and Express.js**** for robust backend services and ****React.js**** for dynamic, responsive user interfaces.
- * Designed and implemented highly efficient ****RESTful APIs**** to facilitate seamless data exchange between frontend and backend components, ensuring optimal performance and scalability.
- * Managed and optimized ****MongoDB databases****, including schema design, data modeling, and query optimization for high-performance data retrieval and storage.

- * Collaborated with cross-functional teams, including UI/UX designers and product managers, to translate project requirements into technical specifications and deliver successful features.
- * Contributed to the entire software development lifecycle, from conceptualization and design to testing, deployment, and ongoing maintenance.
- * Performed code reviews, identified areas for improvement, and implemented best practices to enhance code quality, maintainability, and system reliability.
- * Utilized **Git** for version control, ensuring effective collaboration and code management within a fast-paced agile development environment.

Education

BSc (Hons) in Information Technology
University of Colombo, [City, Country]
[Graduation Date] (e.g., June 2021)
